

**“I don't just like this store
- I LOVE it!♥”**

Angie's store Gift Baskets by Design is a hidden jewel in London. I am so glad to have found her through networking. I only wish I had found her earlier. Angie is very creative and makes the most beautiful handmade bows too. What I love about her business is that she not only has unique products in her store to choose from to create gifts and baskets, she can also create unique gifts using products that you bring to her. That is a huge benefit for me with my business. From gifts to clients, to door prizes, to donations that I like to put together. Angie makes sure that they present beautifully and stand out from the rest.

Angie is an absolute delight to work with and has the unique ability to create exactly what you want with the barest of details. When I called her in an emotional state, she was able to garner ideas and work within (under) my budget. Angie produced a stunning basket for a very special surgeon who went out of her way to care for my Mom. Thank you Angie for your time, talent and care.

I cannot begin to say how difficult it is to find the perfect gift for your mother-in-law. With Angie it was a breeze and I felt like a VIP customer.

You hit it out of the Park once again Angie! Thank you for my marvelous showcase basket for the Wine Women and Shopping Door prize. You turned it around so quickly and it was stunning!

Thank you for putting together the basket for my mom. I really liked how you used the box to hold the goodies so that you could highlight the cupcakes on both the tea set and the packaging. She is going to love it! Your store is fantastic with many great finds. I look forward to coming in again soon.

Angie put together a great package for me as a gift to my mother, who absolutely loved it! Angie Wilson provides excellent suggestions and finds creative ways to make each personalized gift basket a big hit!
